

# ROOTED IN JESUS NEWS LETTER FROM TABORA DIOCESE MARCH 2014

*Dear friends in Christ*

*I want to bring you a great news from Tabora Diocese. When a first born is born it is a great pleasure - sometimes you won't believe is that true the first has come? As we the diocesan leaders saw such great class get finished their first book, it was an unbelievable moment. As a coordinator I was so much encouraged and say by myself if this has happen even the second class can be possible to get happen. Thanks so much for your many prayers and tears for the mission.*

Emmanuel Ruboye, Tabora, March 2014

This is Emmanuel's formal report:

Beloved in the Lord Jesus Christ, it's a great joy to write and inform you the great job and the joy the might Jesus has poured onto us in the times of four months ago. Despite many challenges that we are going through, including lack of funds to make a good follow up wherever the Rooted in Jesus is implemented to our Diocesan congregations.

As I said in my first news letter last year (2013) my Diocese is enormous with an area of 96,000Km square. Despite all the mentioned Kilometres God in His own way was able to make us find a new way of getting to some few congregations where the R in J is being run.

The run in shortage of fund are the situation that will get hardened and pull back all my great effort of making follow up and helps. Its Our prayer to our mighty God that the situation may not get happen or may God give us a new way or may He makes the Diocesan leadership to feel the great burden of finding a new way of helping the project. Many thanks may go to the diocesan Bishop for a help of two way fare for attending the annually coordinator's meeting last November 2013 which was held in Arusha.

Otherwise I want to distinguish to you a support from the Child Outreach Mission and my wife without them it was to be really hard to reach where the RinJ it at the minute. Their support has played a big push for the follow up of the mission. Though they said, they won't go further but it is my turn to cry to almighty God who brought the mission to His people and ask his plan for RinJ project in the Tabora Diocese. Right down are the messages through photos from few congregations where the R inJ project is implemented.

## **Isevyia Parish**

The first twelve seminarians from Isevyia Parish graduated and the certificates handed to them as they get finished the first book Rooted in Jesus. It was a great pleasure, the certificate presented in a middle of Sunday service on 29th December 2013, by the Diocesan Bishop.

Mr Gondoka was erected to be a coordinator of RinJ at the Parish level. Two months later it was good to hear from him, that they have started new classes for Rooted in Jesus. Keep them in your prayers as they get started RinJ mission trip of edifying others, may God strengthen them enough and give them the knowledge of understanding their classes. Pray for their families and physical needs and spiritual.
